Dear Sarah,

I apologize for omitting the hamlets from our FLU digital data layer submission. We mapped the hamlets in our region as points, per the [FLU methodology](#) (p. 16). That data layer is now shared with the VT ACT 181 Mapping Stakeholders GIS group and should be live on the FLU map viewer shortly. I will let you know when I receive confirmation from Josh Plaksa that the data is live.

Please let us know if you have any other questions about this.

Best,
Samantha

Dear Sam, Nick, Callie and Dara,

Please see Sarah's follow up email below on missing information on Hamlets.

Thank you!

Bill

Subject: BCRC Hamlet Mapping

Good morning,
I wanted to follow up on the BCRC submission as the GIS data does not include Hamlets. Per our data standard, Hamlets should be polygon features within the FLU data layer submitted. Please provide this additional information as soon as possible. Thank you for your help.
Sarah
