**Re: VTrans Request for 10-day Extension – Rutland Regional Planning Commission Tier 1B Application**

Dear Ms. Hurley:

VTrans is currently in the process of reviewing the Rutland Regional Planning Commission Tier 1B application and Future Land Use map. According to the Land Use Review Board **Notice To Partner Agencies** letter that was sent on September 23, 2025, the Board must receive a state agency comment form within 30 days of the date of notification. The **Comments** section on page seven of the Regional Planning Commission Application Guidelines specified that state partners can request a 10-day extension. VTrans would like to request extra time on this initial application so we can ascertain the parameters of our new role in the overall review process as well as utilize the extra time to make a proper determination of our review and comment format so that our comments appropriately match what the LURB has requested. Based on this, VTrans respectfully requests that our comment period for the Rutland Regional Planning Commission Tier 1B application be extended for an additional ten days. Thank you in advance for this consideration.

Sincerely,

Christopher G. Clow, PE
