Hello,

I'm writing you as a Vermonter and a member of the Dummerston selectboard to express my opposition to some elements of TRORC's regional plan.

Thermal Energy Policy 2 - Don't ban burning fossil fuels. Don't require Act 250 projects to not include fossil fuels.

Let people build and operate businesses regardless of if they live on a paved road or not.

Keep Act 250 out of people's way as much as possible.

People in Vermont are good and smart. Don't take actions that would limit their freedoms on the land they own.

Thanks,
