I am writing to express my concern about the TRORC 2026 Draft Regional Plan. I am a resident and landowner in Topsham, Vermont.

The TRORC 2026 Draft Regional Plan has too many problems and is out of touch with the needs and wishes of many rural residents in the communities that would be affected, and it should be scrapped in its entirety. The commissioners who created the plan should be replaced by individuals of a practical mindset, good listeners capable of understanding and caring about a variety of concerns, including the needs/wishes of ordinary rural people.

Respectfully,

Jon Brillhart
